ABSTRACT

Welcome to the exciting world of “Shooter Spidey”, where you can step into the shoes of the iconic Spider-Man himself and experience the thrill of shooting, running, and jumping through a dynamic and action-packed gaming adventure. In this presentation, we will take you on a journey through the key features and elements that make.

"Shooter Spidey" a must-play game for fans of the web-slinger and gaming enthusiasts alike. "Shooter Spidey" is not just another run-of-the-mill shooter game; it's a unique blend of fast-paced action, acrobatic agility, and web-slinging fun. As Spider-Man, you'll swing through the bustling cityscape, chase down criminals, and engage in epic battles against nefarious villains, all while utilizing your iconic web-shooting abilities.

INTRODUCTION

Web-based games use web technologies like HTML, CSS, and JavaScript to run in a web browser. Some web-based games can be played offline, but most require an internet connection. Web-based games are becoming more popular as the technology to create them improves. HTML5, CSS3, and JavaScript are all web technologies that allow for more complex games to be created.

To implement nostalgic and fun environmental game using web development.

Many of the people have many problems and they came home with tiredness. In order to get relieved from that tiredness they want to play games. For such people we have designed this game. Different Colors gives them joy so they want to play mostly spiderman game which are having color full environment.

LITERATURE REVIEW

A web-based game is one that can be played through a web browser while connected to the Internet. Online multiplayer, role-playing, and social games are examples of popular web-based games.

The popularity of web-based games is rising as a result of the benefits they provide over console or desktop games. They are more economical since they don't need expensive gear, and they are also more accessible because they can be played on any computer with an Internet connection. Additionally, a variety of devices, including smartphones, tablets, and computers, can be used to play web-based games.

Web-based games come in a variety of genres, such as word games, strategy games, action games, and puzzle games. Popular online games include Words with Friends, Farmville, Candy Crush, and Clash of Clans.

Sr. No.	Title	Notes	Author
1	Less Graphics Game	The less graphic games is rising as a result of the benefits they provide over console or desktop games. They are more economical since they don't need expensive gear, and they are also more accessible because they can be played on any computer with or without an Internet connection.	Chris Hand, Patricia Harris, Jaywant Singh
2	Make a 2D Game very easily	It's a collection of libraries for game development. They are used through a programming language which means you need to know how to code; usually, they include libraries for a few areas (rendering, collisions, particles, load music, textures, etc.)	Nystrom, B., & Smith, A. R
3	List of several subsystems used in games	Rendering, Physics simulation, Collision detection, Collision resolution, AI, Particles	Andersson Ola and Hakan J. Holm
4	Basic Things required to make game	Sprite, Texture, Game Loop, FPS, Shader, Animation	Chandra Prakash, Sharma K. C.

SOFTWARE AND HARDWARE REQUIREMENTS

- **Software Requirements:**
 1. HTML
 2. CSS
 3. JavaScript

- **Hardware Requirements:**
 1. Windows 10 operating System
 2. Intel Core i5 processor
 3. 4GB RAM

OUTPUT SCREEN SHOTS

CONCLUSION

"Shooter Spidey" isn't just a game; it's an exhilarating journey into the shoes of the iconic Spider-Man, where you can swing through the city, face legendary villains, and make choices that define your path as a superhero.

Whether you're a lifelong fan of the web-slinger or a gamer looking for an action-packed adventure, "Shooter Spidey" offers an immersive, thrilling, and emotionally resonant experience that captures the essence of being a superhero. So, grab your web-shooters, don the iconic suit, and prepare to swing into a world where great power comes with great responsibility.
